3.0 METHOD OF AWARD AND BID EVALUATION PROCESS

3.1 METHOD OF AWARD

Contracts will be awarded in accordance with G.S. 143-129 and the evaluation criteria set out in this solicitation. Prospective Vendors shall not be discriminated against on the basis of any prohibited grounds as defined by Federal and State law.

All qualified bids will be evaluated, and award or awards will be based on the qualified bid(s) offering the lowest price that meets the requirements set out herein.

While the intent of this IFB is to award a Contract(s) to a single Vendor for all line items County reserves the right to make separate awards to different Vendors for one or more line items, to not award any portion of the goods or to cancel this IFB in its entirety without awarding a contract, if it is considered to be most advantageous to the County to do so.

The County reserves the right to waive any minor informality or technicality in bids received as may be permitted by law.

3.2 BID EVALUATION PROCESS

The County will review all Vendor responses to this IFB to confirm that each one complies with the specifications and requirements of the IFB.

Bids are requested for the items as specified, or item(s) equivalent in design, function and performance. The County reserves the right to reject any bid on the basis of fit, form and function as well as cost. All information furnished on this bid may be used as a factor in determining the award of this contract.

The County will conduct an evaluation of Bids, as follows:

- a) Bids shall be received from each responsive Vendor in the method stated in section 2.5.
- b) All bids shall be received by the County not later than the date and time specified on the cover sheet of this IFB, or as modified by a bid addendum.
- c) At the date and time specified as the bid opening, the bid responses from each responding Vendor will be opened publicly and the name of the Vendor and bid's total cost will be announced. Interested parties are cautioned that these costs and their components are subject to further evaluation for completeness and correctness and therefore may not be an exact indicator of a Vendor's pricing position.
- d) At its option, the County may request clarifications, oral presentations or discussion with any or all Vendors in order to clarify or to amplify the materials presented in any part of the bid or requested in the IFB. Vendors are cautioned, however, that the County is not required to request presentations or other clarification—and often does not. Therefore, all bids should be complete and reflect the most favorable terms available from the Vendor. Prices bid cannot be altered or modified as part of a clarification.
- e) Bids will generally be evaluated, based on completeness, content, cost and responsibility of the Vendor to supply the requested goods and services. Specific evaluation criteria are listed in Section 3.1 METHOD OF AWARD.
- f) Upon completion of the evaluation process, the County will make Award(s) based on the evaluation and post the award(s) to the Catawba County website under Purchasing and the IFB number for this

solicitation. Award of a Contract to one Vendor does not mean that the other bids lacked merit, but that, all factors considered, the selected bid was deemed most advantageous and represented the best value to the County.

g) Vendors are cautioned that this is a request for offers, not an offer or request to contract, and the County reserves the unqualified right to reject any and all bids at any time if such rejection is deemed to be in the best interest of the County.

3.3 INTERPRETATION OF TERMS AND PHRASES

This Invitation for Bids serves two functions: (1) to advise potential Vendors of the parameters of the solution being sought by the County; and (2) to provide (together with other specified documents) the terms of the Contract that results from this procurement. The use of phrases such as “shall,” “must,” and “requirements” are intended to create enforceable contract conditions. In determining whether bids should be evaluated or rejected, the County will take into consideration the degree to which Vendors have proposed or failed to propose solutions that will satisfy the County’s needs as described in the Invitation for Bids. Except as specifically stated in the Invitation for Bids, no one requirement shall automatically disqualify a Vendor from consideration. However, failure to comply with any single requirement, if determined to be essential under the circumstances then existing, may result in the County exercising its discretion to reject a bid in its entirety.

4.0 REQUIREMENTS

This Section lists the requirements related to this IFB. By submitting a bid, the Vendor agrees to meet all stated requirements in this Section as well as any other specifications, requirements and terms and conditions stated in this IFB. If a Vendor is unclear about a requirement or specification or believes a change to a requirement would allow for the County to receive a better bid, the Vendor is urged and cautioned to submit these items in the form of a question during the question and answer period in accordance with Section 2.4.

4.1 PRICING

The County is requesting a fixed unit price per item for the Core Items listed in ATTACHMENT D: MEDICAL SUPPLIES PRODUCT SPECIFICATIONS AND PRICING FORM and ATTACHMENT E: PHARMACEUTICALS PRODUCT SPECIFICATIONS AND PRICING FORM; and a fixed percentage discount from the List Price (list less discount) included in the Company’s most current full line catalog for (b) all other items (Non-Core Items) in your catalog, ATTACHMENT F: NON-CORE ITEMS FIXED PERCENTAGE DISCOUNT. All pricing under this contract shall include shipping and handling, delivery, any discounts, vendor markup/profit, item cost and storage. No other charges are allowed. DO NOT include taxes in your pricing.

4.2 PLACEMENT OF ORDERS:

All orders will be placed by County designated personnel on an as needed basis for the quantity required at the time during the term of the Contract. Orders will be placed by means of a purchase order or other approved authorization method.

4.3 PREPARATION FOR DELIVERY CONDITION AND PACKAGING

All containers and packaging shall be suitable for handling storage or shipment, without damage to the contents. The Vendor will be responsible for confirming that packing is sufficient to assure that all the materials arrive at the correct destination in an undamaged condition ready for their intended use.

MARKING

All containers shall be clearly identified with the County purchase order number and marked with Emergency Services Department. Packing lists must be affixed to each carton identifying all contents included in the carton. If more than one carton is shipped, each carton must be numbered and must

state the number of that carton in relation to the total number of cartons shipped (i.e. 1 of 4, 2 of 4, etc.).

SHIPPING

The Vendor shall follow all shipping instructions included in the IFB, the County's purchase order or in the Contract.

4.4 ACCEPTANCE OF PRODUCTS

The products delivered under this Contract shall remain the property of the Vendor until the County physically inspects, actually uses and accepts the products. In the event products provided to the County do not comply with the Contract, the County shall be entitled to terminate the Contract upon written notice to the Vendor and return such products (and any related goods) to the Vendor at the Vendor's expense. The remedies stated in this Section are in addition to and without limitation of any other remedies that the County may have under the Contract, at law or in equity.

4.5 GUARANTEE

Unless otherwise specified by the County, the Vendor unconditionally guarantees the materials and workmanship on all products. If, within the guarantee period any defects occur due to a faulty product, the Vendor at its expense, shall repair or adjust the condition, or replace the product to the complete satisfaction of the County.

4.6 NO LIENS

All Products shall be delivered and shall remain free and clear of all liens and encumbrances.

4.7 INVOICES

Vendor shall invoice the County. The standard format for invoicing shall be single invoices meaning that the Vendor shall provide the County with an invoice for each order. Invoices shall include detailed line item information to allow County to verify that pricing at point of receipt matches the correct price from the original date of order. At a minimum, the following fields shall be included on all invoices:

Vendor's Billing Address, Customer Account Number, Order Date, Customer's Order Number, Manufacturer Part Numbers, Vendor Part Numbers, Item Descriptions, Price, Quantity, and Unit of Measure.

The County is not tax exempt from sales tax. Vendor shall include all applicable State and County sales taxes itemized on the invoice and not combined with the cost of the goods. Payment of invoices shall be due within thirty (30) days after the County has received the goods and received an accurate, properly submitted invoice.

4.8 TRANSPORTATION

The Vendor shall deliver Free-On-Board (FOB) Destination to the County with all transportation costs included in the total bid price.

4.9 AUTHORIZED RESELLER

The Vendor shall be authorized by the manufacturer to distribute or resell the products offered in this IFB. The Vendor shall provide with its bid response a signed statement from the manufacturer confirming authorization. Failure to provide this statement shall constitute sufficient grounds for rejection of Vendor's offer, at the discretion of the County.

4.10 COMPLIANCE WITH LAWS

All products delivered under this Contract shall be in compliance with all applicable federal, state and local laws, regulations and ordinances. In performing the Contract, the Vendor shall obtain and

maintain all licenses and permits, and comply with all federal, state and local laws, regulations and ordinances.

4.11 QUALITY

Unless this Contract specifically states otherwise for a particular item, all components used to manufacture or construct any supplies, materials or equipment or products provided under this Contract shall be: (a) new; (b) the latest model; (c) of the best quality and highest grade workmanship; and (d) in compliance with all applicable federal, state and local laws, regulations and requirements. By “new”, the County means that the item has been recently produced and has not been previously sold or used.

4.12 QUALITY ACCEPTANCE INSPECTION

It is the responsibility of the County to inspect all materials, supplies and equipment upon delivery to ensure compliance with the contract requirements and specifications.

INVOICES WILL NOT BE PAID BY THE COUNTY UNTIL AN INSPECTION HAS OCCURRED, AND THE GOODS ACCEPTED.

4.13 REFERENCES

Vendors shall provide at least three (3) references for which your company has provided goods and services of substantially the same features and quantity to those solicited herein. The County shall contact one or more of these users to determine the goods provided are substantially similar to those bid herein and Vendor's performance has been satisfactory. Information obtained will be considered in evaluation of the bids.

COMPANY NAME	CONTACT NAME	TELEPHONE	EMAIL ADDRESS

4.14 FINANCIAL STABILITY

Each Vendor shall certify it is financially stable by completing the ATTACHMENT C: CERTIFICATION OF FINANCIAL CONDITION. The County is requiring this certification to minimize potential performance issues from Contracting with a Vendor that is financially unstable. This Certification shall be deemed continuing, and from the date of the Certification to the expiration of the Contract, the Vendor shall notify the County within thirty (30) days of any occurrence or condition that materially alters the truth of any statement made in this Certification

5.0 PRODUCT IDENTIFICATION AND SPECIFICATIONS

5.1 MAKE AND MODEL

Except for items that do not provide an option to propose an alternate on ATTACHMENT D: MEDICAL SUPPLIES PRODUCT SPECIFICATIONS AND PRICING FORM, the Manufacturer's name, Vendor Name and model/catalog numbers used in the IFB are for the sole purpose of identification and to establish general quality level desired. Such references are not intended to be restrictive and comparable products of other manufacturers will be considered. However, Vendors are cautioned that any deviation from the specifications of the identified items are required to be pointed out in its bid. Vendor shall include with its bid a sample of the proposed alternate and sufficient documentary evidence to demonstrate the qualitative, functional, operational, organizational, and conformational equivalence of the bid item to the identified item.

5.2 DEVIATIONS

The nature of all deviations from the *Specifications* and *Requirements* listed herein shall be clearly described by the Vendor. Otherwise, it will be considered that items offered by the Vendor are in strict compliance with the *Specifications* and *Requirements*, and the successful Vendor shall be held responsible to supply conforming goods. Deviations shall be explained in detail below or on an attached sheet. However, no implication is made or intended by the County that any deviation will be acceptable.

6.0 CONTRACT ADMINISTRATION

6.2 PRODUCT RECALL

6.3 CONTRACT CHANGES

Contract changes, if any, over the life of the contract shall be implemented by contract amendments agreed to in writing by the County and Vendor.

ATTACHMENT A: INSTRUCTION TO VENDORS

1. **READ, REVIEW AND COMPLY:** It shall be the Vendor's responsibility to read this entire document, review all enclosures and attachments, and any addenda thereto, and comply with all requirements specified herein, regardless of whether appearing in these Instructions to Vendors or elsewhere in this IFB document.
2. **LATE BIDS:** Late bids, regardless of cause, will not be opened or considered, and will automatically be disqualified from further consideration. It shall be the Vendor's sole responsibility to ensure the timely delivery of bids at the designated office by the designated time.
3. **ACCEPTANCE AND REJECTION:** The County reserves the right to reject any and all bids, to waive any informality in bids and, unless otherwise specified by the Vendor, to accept any item in the bid. If either a unit price or an extended price is obviously in error and the other is obviously correct, the incorrect price will be disregarded. Regardless of error or omission, a Vendor shall not be permitted to increase its pricing after the deadline for submitting bids.
4. **BASIS FOR REJECTION:** The County reserves the right to reject any and all offers, in whole or in part, by deeming the offer unsatisfactory as to quality or quantity, delivery, price or service offered, non-compliance with the requirements or intent of this solicitation, lack of competitiveness, error(s) in specifications or indications that revision would be advantageous to the County, cancellation or other changes in the intended project or any other determination that the proposed requirement is no longer needed, limitation or lack of available funds, circumstances that prevent determination of the best offer, or any other determination that rejection would be in the best interest of the County.
5. **EXECUTION:** Failure to execute Attachment B: Bid Submission Form in the designated space shall render bid non-responsive, and it will be rejected.
6. **INFORMATION AND DESCRIPTIVE LITERATURE:** Vendor shall furnish all information requested and in the spaces provided in this document. Further, if required elsewhere in this bid, each Vendor shall submit with its bid any sketches, descriptive literature and/or complete specifications covering the products and services offered. Reference to literature submitted with a previous bid or available elsewhere will not satisfy this provision. Failure comply with these requirements shall constitute sufficient cause to reject a bid without further consideration.
7. **CERTIFICATE TO TRANSACT BUSINESS IN NORTH CAROLINA:** As a condition of contract award, each out-of-State Vendor that is a corporation, limited-liability company or limited-liability partnership shall have received, and shall maintain throughout the term of The Contract, a Certificate of Authority to Transact Business in North Carolina from the North Carolina Secretary of State, as required by North Carolina law.
8. **HISTORICALLY UNDERUTILIZED BUSINESSES:** The County is committed to retaining Vendors from diverse backgrounds, and it invites and encourages participation in the procurement process by businesses owned by minorities, women, disabled, disabled business enterprises and non-profit work centers for the blind and severely disabled. In particular, the County encourages participation by Vendors certified by the State Office of Historically Underutilized Businesses, as well as the use of HUB-certified vendors as subcontractors on County contracts.
9. **CONFIDENTIAL INFORMATION:** To the extent permitted by applicable statutes and rules, the County will maintain as confidential trade secrets in its bid that the Vendor does not wish disclosed. As a condition to confidential treatment, each page containing trade secret information shall be identified in boldface at the top and bottom as "CONFIDENTIAL" by the Vendor, with specific trade secret

information enclosed in boxes, marked in a distinctive color or by similar indication. Cost information shall not be deemed confidential under any circumstances. Regardless of what a Vendor may label as a trade secret, the determination whether it is or is not entitled to protection will be determined in accordance with G.S. 132-1.2. Any material labeled as confidential constitutes a representation by the Vendor that it has made a reasonable effort in good faith to determine that such material is, in fact, a trade secret under G.S. 132-1.2. Vendors are urged and cautioned to limit the marking of information as a trade secret or as confidential so far as is possible. If a legal action is brought to require the disclosure of any material so marked as confidential, the County will notify Vendor of such action and allow Vendor to defend the confidential status of its information.

10. COMMUNICATIONS BY VENDORS: In submitting its bid, the Vendor agrees not to discuss or otherwise reveal the contents of its bid to any source, government or private, outside of the using or issuing agency until after the award of the Contract or cancellation of this IFB. All Vendors are forbidden from having any communications with the using or issuing agency, or any other representative of the County concerning the solicitation, during the evaluation of the bids (i.e., after the public opening of the bids and before the award of the Contract), unless the County directly contacts the Vendor(s) for purposes of seeking clarification or another reason permitted by the solicitation. A Vendor shall not: (a) transmit to the issuing and/or using agency any information commenting on the ability or qualifications of any other Vendor to provide the advertised good, equipment, commodity; (b) identify defects, errors and/or omissions in any other Vendor's bid and/or prices at any time during the procurement process; and/or (c) engage in or attempt any other communication or conduct that could influence the evaluation or award of a Contract related to this IFB. Failure to comply with this requirement shall constitute sufficient justification to disqualify a Vendor from a Contract award. Only those communications with the using agency or issuing agency authorized by this IFB are permitted.

11. WITHDRAWAL OF BID: Bids that have been delivered by hand, U.S. Postal Service, courier or other delivery service may be withdrawn only in writing and if receipt is acknowledged by the office issuing the IFB prior to the time for opening bids identified on the cover page of this IFB (or such later date included in an Addendum to the IFB). Written withdrawal requests shall be submitted on the Vendor's letterhead and signed by an official of the Vendor authorized to make such request. No bid may be withdrawn after the scheduled closing time for a period of ninety (90) days.

12. INFORMAL COMMENTS: The County shall not be bound by informal explanations, instructions or information given at any time by anyone on behalf of the County during the competitive process or after award. The County is bound only by information provided in writing in this IFB and in formal Addenda issued through the County's website.
